## Reluctant Land Owners Hold Up Plans to Rebuild Columbus Dam

## SEIZURE OF PROPERTY NOT ANTICIPATED

Harrisburg (AP)—Reluctance of some farmers to give up their pasture lands today held up construction of a 200-acre recreational lake in Warren county.

C. A. French, executive director of the State Fish Commission, said that is the roadblock delaying plans to rebuild Columbus Dam on Rockstraw creek.

The plan would enlarge the present 50-acre lake and provide 50 to 75 feet of beach for public swimming, boating, fishing and duck hunting in season.

The commission has no plans to attempt seizure of the land but is depending upon a local group, the Columbus Municipal Authority, to persuade the objectors to change their views, French said.

French added the authority already has lined up practically all landowners in the immediate vicinity of the present dam just south of Columbus near the New York line.

Those protesting are farmers whose land would be flooded by the enlargement of the lake, French said.

The dam was partially washed away by high waters more than five years ago. Commission engineers have estimated the cost of the project at about \$20,000. Because of this low cost, French added, the commission is particularly anxious to undertake the project.

Several farmers had registered protests with the State Water and Power Resources Board against issuing a permit for the work on the grounds that reconstruction would impair property used for grazing.

The board later recommended that the Columbus Authority go ahead with certain modifications of the original plan. A permit was issued for the work Aug. 9, 1950. But Gordon Thomas, chief of the Division of Dams of the Bureau of Waters, says little if any of the work was completed by Jan. 1 of this year, when the permit ran out.

It was about this time, French says, the Columbus authority suggested the Fish Commission take over the rebuilding project.

If title to the land in question can be obtained, the Fish Commission intends to use offers of free equipment and material.

## Boost in Relief Grants Postponed

Harrisburg (AP)—The Public Assistance Department is postponing for two months—and possibly longer—the effective date of a \$360,000 a month increase in relief grants.

A spokesman, who declined quotation by name, said the original plan to put the boost into effect by the end of July has been deferred because of the steel strike.

Striking steelworkers are draining off about \$300,000 a month in relief payments since the walkout started nearly two months ago.

"The steel strike is an important factor," the spokesman told a newsman, "but there are a lot of other factors involved, too."

## TWO ELECTROCUTED

Pittsburgh (AP)—Two workmen were electrocuted yesterday at St. Vincent de Paul School. They were Ambrose Truman, 41, and Michael Pietrone, 19, both of Pittsburgh. A 4,400-volt live wire, broken by a blow from an extension ladder, struck the workers who had been standing in wet cement.

## EXTENDED FORECAST

Extended forecast for the period Wednesday, July 23, through Sunday, July 27.

Western Pennsylvania, Western New York, Ohio and West Virginia: Temperatures will average above normal for the period; a little cooler on Thursday, mostly over northern sections followed by warmer; then cooler at end of week, near the lower Great Lakes; scattered showers around Thursday and again about Saturday.

## Pennsylvania Steps Deeper Into Drive to Draft the Illinois Governor to Head Dem Ticket

Chicago (AP)—Pennsylvania was another step deeper today into the drive to draft Gov. Adlai Stevenson of Illinois for the Democratic presidential nomination.

This came about when former Sen. Francis J. Myers, chairman of the 70-vote Pennsylvania group, agreed to accept the floor leadership of the Stevenson supporters.

Thus one of the two most powerful leaders of the Pennsylvania group plunged into the thick of the fight, and there was no question how Myers' colleague, National National Committeeman David Lawrence, mayor of Pittsburgh, viewed the situation. Myers and Lawrence, working as a team, engineered the unexpected Sunday night roll call of delegate preferences that showed 33 leaning to Stevenson.

In joining the volunteer Stevenson group that has been operating despite the governor's frequent statements that he does not want the nomination, Myers disclosed he never had met Stevenson.

"I don't know the governor, but I admire him very much and believe sincerely that he is the best candidate for the party," Myers told a reporter.

"I know all the other candidates intimately, but in accepting this I have put personal considerations aside to support the man I believe to be the best candidate for the party."

Myers added he does not now have or expect to arrange immediately an appointment with Stevenson, who has remained aloof from the growing drive to bring him the nomination.

In response to a question, Myers said emphatically that there had been no word of approval from President Truman in advance of the Sunday night roll call that was one of the biggest boosts the Stevenson drive has yet received.

But even while Myers was moving farther into the Stevenson camp, Pennsylvania supporters of Sen. Estes Kefauver met to study tactics and muster additional voting strength beyond the 14½ recorded for the Tennessee Sunday.

## Balloon Containers Are Still Missing

Washington (AP)—The Air Force listed as still missing today two metal containers containing classified data that should have been parachuted from a "Moby Dick" stratosphere balloon over Pennsylvania last week.

The Air Force made this disclosure in describing as erroneous a published report that two crates of secret documents had been lost from an airplane over central Pennsylvania.

A spokesman explained the Pennsylvania Civil Air Patrol was asked to carry out a search last week when one of its experimental upper atmosphere balloons failed and started to come down from its assigned altitude between 50,000 and 100,000 feet ahead of schedule.

Civil Air Patrol officials said that some 200 planes participated in the search for the missing crates last week but that the search has been called off by the Air Force, although the air research and development command was still anxious to get hold of the two metal containers.

## SHORT SESSION FOR TRUCE NEGOTIATORS

Munich (AP)—Korean armistice negotiators met for only five minutes today in the shortest session at Panmunjom since secret talks on the prisoner exchange deadlock began July 4.

## "Be Wise and Can" Advice From State Dep't of Agriculture to Housewives

Harrisburg (AP)—Pennsylvania housewives were urged today to do all the home canning possible this summer—just in case the steel strike causes a shortage in canned vegetables at the corner grocery.

"Be wise and can," was the word from the State Department of Agriculture, which pointed out the home canning season for vegetables and fruits is now getting under way.

The emphasis was placed on home canning because of the possible effect of the prolonged steel strike on the supply of steel needed in manufacturing tin cans.

## Reports of 'Flying Saucers' Spotted by Radar Stir Capital

Washington (AP)—The Air Force today investigated reports that several "flying saucers" had been spotted by radar virtually in its own backyard on the outskirts of the nation's capital.

Officials could not immediately agree on whether this was the first time radar has picked up flying saucers. Some said it was. All agreed it was unusual.

The objects also were different from the average reported saucer in that they traveled at a relatively slow speed, as well as later disclosing the customary burst that far outspeeds normal airplanes.

The flying saucers over the capital were reported late yesterday, about 36 hours after the incident actually occurred.

An operator at the Air Force Traffic Control Center at Washington National Airport, across the Potomac from the capital, spotted eight unidentified images on one of his radars—the area surveillance scope, with a range of possibly 70 miles.

The control center, operated by the Civil Aeronautics Administration, notified the Air Force and also asked planes in the air if they could see anything.

Capt. S. C. Casey, pilot of a Detroit, Mich., Lockheed Constellation, said he saw a "flying saucer" on the night of July 19, southbound from National Airport, soon reported seeing seven objects between Washington and Martinsburg, W. Va.

He said they changed place, sometimes moving at tremendous speed, at other times hanging almost motionless.

## FLORIDA DELEGATION TO SUPPORT ACTION

Chicago (AP)—The Florida delegation voted today to go along with the "loyalty" resolution adopted by the Democratic National Convention.

Farris Bryant, chairman of the delegation, said the resolution raised "no problem as far as we are concerned as a state," and followed pretty much the state laws.

Bryant explained to the delegation caucus that the resolution "merely says we will take action that the nominees of this convention will appear on the ballot."

Spokesmen for the Florida delegation opposed the resolution in debate on the floor early this morning when it was adopted.

## BODIES OF CREWMEN FOUND ON BLACK GULL

New York (AP)—The charred bodies of three crewmen were found today on the poop deck of the burned hulk of the Norwegian freighter Black Gull.

Firemen pumping water into the smoldering wreck in Lower New York Bay reported finding the bodies to fire headquarters by radio.

Forty-five persons were rescued and four crew members were reported missing after a napalm-bomb fed fire swept the freighter late Friday night in the Atlantic Ocean 65 miles off Montauk Point, N. Y.

The wreck was towed to shallow water in the Lower Bay by a big ocean-going salvage ship last night.

## NIXON AND IKE WILL TALK IT OVER SUNDAY

Denver (AP)—Gen. Dwight D. Eisenhower and his GOP vice presidential running mate, Sen. Richard M. Nixon of California, will discuss campaign plans Sunday at the general's vacation haven in the Colorado Rockies.

It will be their first get-together since they conferred briefly in Chicago after the Republican National Convention.

An advisor to Eisenhower at the general's headquarters here announced today that Nixon will fly Saturday from Washington to Denver.

On Sunday Nixon will motor 72 miles to the secluded cattle ranch near Fraser, Colo., where Eisenhower has been vacationing since last Thursday. Nixon will fly Monday afternoon from Denver to Los Angeles for a brief rest in his home state before traveling to Columbus, O., to address the Ohio Republican convention July 31.

In Los Angeles, the adjutant general of the Veterans of Foreign Wars, Julian Dickerson, announced Eisenhower will make his first major address there before the VFW National Convention opening Aug. 3.

Eisenhower also will receive the VFW's Bernard Baruch Award given the American citizen a panel of judges says has contributed the most toward fostering unity and good will among peoples of the world.

Eisenhower aides said the general and Nixon will talk over various aspects of the fall campaign, including the role the 39-year-old California senator will play.

Eisenhower will confer at the ranch tomorrow with three key supporters. They are Sen. James H. Duff of Pennsylvania, Ralph C. Cake, GOP national committeeman from Oregon, and Gov. Dan Thornton of Colorado.

Duff arrived in Denver late yesterday and told a news conference that "Ike will lick anyone" the Democrats nominate for president.

"The Democrats have been so long in power they have abused their power," Duff declared.

"The public is tired of them and wants a change. We've got the kind of ticket that will assure that change."

Duff specifically predicted Eisenhower will carry Pennsylvania. He said he has received assurances of enthusiastic support for the general from state Republicans who backed Sen. Robert A. Taft for the nomination.

## THREE AIRMEN DEAD IN PLANE EXPLOSION

Marianna, Fla. (AP)—An airplane exploded over Marianna today, killing three airmen, hospitalizing two children and destroying a house. A third child is missing.

The public information officer at MacDill Field in Tampa said the plane apparently was a B-47 from there.

Airplane fragments were scattered over a wide section of the city.

## STEEL FIRM SIGNS

Pittsburgh (AP)—The Flannery Manufacturing Co. of nearby Bridgeville today became one of the 35 or more steel firms to sign a contract with the CIO United Steelworkers along the lines recommended by the Wage Stabilization Board. The firm has 400 employees.

## CONVENTION BULLETINS

Chicago (AP)—The CIO Political Action Committee, which helped shove Vice President Barkley out of the running for the Democratic presidential nomination, said today Barkley in "his great and understandable disappointment" had distorted the facts of the case.

Chicago (AP)—Gov. Henry F. Schickler of Indiana said today Gov. Adlai Stevenson has informed him that if the Democratic presidential nomination is offered "he couldn't turn it down."

Chicago (AP)—Rep. Cox (D.-Ga.) said today it is possible that the name of Sen. Richard Russell for president "may not be put in nomination." Cox made the statement to a reporter shortly after the Georgia delegation had voted unanimously against the "loyalty oath" rule adopted by the convention last night and agreed to sit it out in Convention Hall until they are kicked out.

STEVENSON WARMS UP TO SUBJECT—While delegates to the Democratic National Convention in Chicago sweltered in 90-degree-plus heat, Illinois Gov. Adlai Stevenson, above, mops his brow and the brow of a donkey made of ice in a Chicago hotel. Even talk of a presidential draft could not cool Stevenson, whose supporters are firing the convention with fuel to draft the semi-reluctant governor.

## Massachusetts Governor Rallies Dems With Predictions of a Sixth Victory

Chicago (AP)—Convention keynote Paul A. Dever rallied Democrats last night to what he predicted would be their sixth straight election victory over Republican "malice" and "fossils."

The Massachusetts governor, amid roars and rebel yells, threw up his arms and shouted: "We have vanquished them before—we shall vanquish them again!"

Swinging steadily through his 4,500-word speech, Dever heaped scorn upon the Republican party and praise upon the Democratic administrations—particularly those of Presidents Woodrow Wilson, Franklin D. Roosevelt and Harry S. Truman.

He made no mention of the Democrats' wide-open race for the presidential nomination this year. But he blasted the Republican nominee Gen. Dwight D. Eisenhower, as a complete novice unqualified for the presidency.

The Republican convention two weeks ago, Dever said, raised "only the voice of the fossil." The platform adopted by the GOP then, he said, is:

"A shopworn declaration, conceived in malice, and dedicated to the proposition that all the great achievements of the last 20 years should be swept away."

In choosing Eisenhower as standard bearer over Ohio's Sen. Robert A. Taft, he said, the Republicans "threw overboard the faithful pilot who guided them for years and placed at their head one whose knowledge of navigation was confined to other waters."

## Convention Hears Negro Congressman

Chicago (AP)—A Negro congressman told the Democratic convention today that President Truman "swept the cobwebs" off equality laws while "Republicans did nothing, but talk."

"The people know what Truman has done and is still doing about civil rights," said Rep. William L. Dawson of Illinois, vice chairman of the Democratic National Committee.

Dawson's speech was one of five prepared for today's early session. It came as delegates were thrashing out in committee the civil rights plank of their platform—the issue which split the party in 1948.

Sharing the speakers' program with Dawson were George Neece Clark, treasurer of the United States; Lerie Meats, U. S. minister to Luxembourg; Eugene Anderson, U. S. ambassador to Denmark; and Richard J. Nelson, president of the Young Democratic Clubs of America.

## Stevenson Boom Gains Speed As Southern Delegations Hold Caucuses to Decide Next Step

## Union Chiefs Are Blasted By Barkley

Convention Hall, Chicago (AP)—Angry Southern rumblings over a "loyalty pledge" adopted by the Democratic National Convention shook the party conclave today. Momentarily, contention over the presidential nomination dropped into the background.

Sentiment apparently was sweeping increasingly toward reluctant Bible-quoting Gov. Adlai Stevenson of Illinois. This growing draft movement was reported to be one of the reasons why Vice President Alben W. Barkley pulled out of the presidential race late last night.

However, Barkley didn't mention Stevenson. The 74-year-old Kentuckian's withdrawal announcement hit particularly at a pronouncement by some union labor people that he is too old for the job.

But the question of the moment was what kind of shape the party would be in when Stevenson, or whoever winds up with the grand prize, goes out to scrap with GOP nominee Dwight D. Eisenhower for the presidency.

Southern delegations were holding caucuses this morning in downtown hotels and other points. Although some southern states supported the "loyalty pledge," delegates from others were steamed up over it.

They didn't like the pledge in the first place and were hot under the collar besides over the way it was brought up after midnight and slammed through at two o'clock in the morning without a roll call vote.

During the heated debate, Sen. A. Willis Robertson of Virginia suggested to the convention that Stevenson might refuse a nomination if the party was split asunder. He said he didn't believe Stevenson would take it "on a gold platter, much less a silver one."

Ambiguous in language and subject to almost any kind of interpretation, the rule said in effect that delegates must give assurance they will exert every "honorable means" to see that the convention's presidential and vice presidential nominees get on their state's ballot.

It was shoved down the throats of protesting Dixie delegations by Sen. Blair Moody of Michigan, newspaperman turned politician. Moody may be eyeing the vice presidential nomination.

The rule was gavelled into existence (Turn to Page Three)

## Mossadegh Back In Control at Tehran

Tehran, Iran (AP)—Iran's Parliament overwhelmingly renominated Mohammed Mossadegh Premier today after two days of bloody Nationalist rioting and disorder had forced the more moderate Ahmed Qavam from the office.

Qavam's announced determination to seek a settlement of Iran's oil dispute with Britain set off Communist-strengthened Nationalist mobs who screamed through the streets for his death and battled with police and troops.

Twenty persons reportedly were killed in the fighting which raged through the capital yesterday. Disorders erupted in other parts of the country. Qavam resigned yesterday afternoon.

## Three-Way Division Over Civil Rights Develops Among Dem Platform Drafters

By EDWIN B. HAAKINSON  
Chicago (AP)—A three-way split over civil rights—instead of the usual North-South division—developed among Democratic platform drafters today.

Sen. Warren G. Magnuson of Washington, who usually votes with the Northern wing of the party, told this reporter he could not support a Senate anti-lynch plank.

"I think it's dishonest to say we are going to do something that we know we cannot do," he said.

Sen. Herbert H. Lehman of New York, also on the drafting group, and Sen. William Benton of Connecticut and Sen. Hubert H. Humphrey of Minnesota have predicted adoption not only of a stronger racial relations section but also a plank calling for a change in Sen.

Sen. John Sparkman of Alabama said he agreed with Magnuson.

Sparkman also said he believes that Lehman and other Northern senators may be pushing the anti-lynch plank issue in an effort to promote the presidential bid of Averell Harriman, who has backed their stand vigorously and publicly.

"I think we could even accept the 1948 plank again if we dropped some unnecessary terms from its preamble which mean nothing," Magnuson said.

He added the only way for Democrats to change Senate rules "is to elect enough senators to get them changed."

"Until you get that done there is no use promising people you can do so," he said.

Interest among the younger set will center on the annual Pet Show-Contest at the borough playgrounds at 2:30 p. m. tomorrow, when pets will be judged in the following classifications:

Most unusual; most beautiful; funniest; smallest; largest; best showing of pet or pets.

All entries must be real live pets, with no flies, tadpoles, etc., permitted, and each contestant may have as many entries as he wishes.

In case of rain, the show will be postponed until Thursday.

On Thursday of this week, the annual weiner roast and Good Neighbor Night will be held at Beatty playground, an event which should find all the youngsters on hand.

Attendance at the various play spots last week totaled 5,865, with 500 persons attending the Huck Finn Day sponsored by the Warren Field and Stream Club and 68 children competing for the various prizes. Winners were Marlene LeTrent as Huck Finn and Jane Barrett as Becky Thatcher. Other prizes were awarded to Danny Madigan, who was the youngest Asherman; Michael Fisk, who caught the most fish, and to Dennis Couse, who caught the smallest fish.

About 425 children are enjoying the Story-telling Hour held each week at all the playgrounds by Georgia Spinney, assistant librarian of Warren Public Library.

After this week's Pet Show, next big feature will be the Hobby Fair to be staged at all playgrounds at 2:30 p. m. on July 30, with the finals at the same hour the following day at Beatty.

August 6 is the date set for the annual Doll Show, each play area to have its own contest at 2:30 p. m. and winners to compete in the finals at Beatty the following day.

### District Governor Pays Visit to the Warren Rotary Club

Members of the Warren Rotary club were visited on Monday by their district governor, Dr. Robert F. Galbreath of New Castle, former president of Westminster College, who met with the chairman of club committees at 11 a. m. and then addressed the club at its weekly luncheon meeting in the TWCA at noon.

Dr. Galbreath, deeply interested in Rotary and its ideals, was an inspiring speaker. He emphasized how much more important are the club and its activities than simply as a luncheon group. His description of his participation in the Rotary International meetings in Austria and of his contact with other clubs in widely separated sections of America gave the Rotarians a new realization of the importance of the organization as a whole.

Several guests were introduced and LeRoy Schneck asked the members to volunteer hospitality for the two foreign students now visiting Warren.

Charles H. Franz, new Rotary president, was in charge of the earlier meeting. Dr. Galbreath was submitted a resume of plans for the coming year by the club's committee chairmen, as follows: Horace M. Stevenson, club service; Gerald Newton, vocational service; Nat Drake, community service; W. LeRoy Schneck, international service; Ralph L. Owens, attendance; William E. Lutz, classification; Raymond A. McGroder, fellowship; Wallace H. Cowden, magazine; Horace M. Stevenson, program; Rell Hoskins, public information; Harold S. Hampson, Rotary information; Horace A. Crary, crippled children; T. R. Sponsler, rural-urban; Calvin W. Barwis, traffic safety; Clarence O. Swanson, youth service; Boyd M. Sanden, music; and Gerald Newton, special projects.

Dr. Galbreath told the Warren club he found everything shipshape, said all indications point to a good year ahead under President Franz, and extended every good wish for success.

### Checkup for Safety Is Admonition Of Motor Club Official

"Checkup for safety" was the suggestion offered to motorists today by R. B. Maxwell, of Harrisburg, secretary-manager of the Pennsylvania Motor Federation, which represents 57 member AAA clubs throughout the Commonwealth, in urging motorists to delay no longer in having their cars checked in the current semi-annual inspection campaign.

"Aside from the fact the deadline for the current inspection period comes at midnight, July 31, by which time all motorists must have their cars inspected if they wish to continue to operate their vehicles without interruption," Maxwell said "it is especially important that motorists have their cars checked anyway because so many are now planning long trips or vacations.

"While the law requires all motorists to have their cars inspected in the current campaign," he pointed out, "such checkups assure that motor vehicles operating in Pennsylvania are kept in first-rate mechanical condition for their safe operation on our streets and highways.

"With the deadline rapidly approaching—less than two weeks now remain in which time all motor vehicles must be inspected—it should behoove all motorists to take their cars to an official inspection garage or station in order that the vehicle display the new inspection sticker when the deadline arrives," Maxwell continued.

"Should too many motorists wait until the last day or so in the current inspection period," he warned, "many may find that their cars will be unspected when the deadline arrives because inspection stations and garages are overtaxed with a deluge of motorists waiting until the final hours.

### LETTERS TO EDITOR

Warren Times-Mirror  
Warren, Pa.  
Dear Editor,

In your paper of July 15 you stated that the milk producers in the Warren area would get an increase from \$5.52 per cwt. to \$6.20 per cwt. As a producer I believe the public should know the price we actually receive for milk sold in Warren Boro.

Our last milk statement, dated July 10 for milk produced between June 16 and June 30, was \$4.53 per cwt. for 4% milk with 6c per point differential, therefore bringing 3.5 test down to \$4.23 per cwt. less 20c per cwt. for handling to plant. Of course this is the price paid by only one milk plant, but their price is usually as high, if not higher, than that paid by most of the other companies.

## ATTEMPTED LARCENY

City police are today investigating an attempted larceny of a used car from the lot of Hanna Motor Sales, Pennsylvania avenue, west, shortly after 10 p. m. yesterday. Mrs. Katherine Shirley, 232 Pennsylvania avenue, west, told police that she was sitting on the porch of her apartment and noticed two boys, aged about 16, tampering with used cars in the lot. The boys got into one 1951 Kaiser sedan and succeeded in getting the motor started, and attempted to drive the vehicle up the ramp into the street. They stalled the car, backed down and turned around. In doing so, they ran into the rear of another parked car and damaged the Kaiser to an estimated \$100. Police have a good description of the boys.

## SEEK RUNAWAY BOYS

Two Titusville area boys who escaped from George Junior Republic about 4 p. m. on Sunday are believed to have stolen a car in the city some time last night. Then Lloyd McRright of Centerville, Route 2, reported to local police yesterday that his 1951 two-door Dodge sedan, was stolen from a parking place on Mechanic Street between 10 p. m. Sunday and 6 a. m. yesterday. One of the lads had been sent to George Junior Republic when he was convicted of stealing the same car about three months ago, leading police to believe he might be responsible for the theft yesterday. Titusville police sent out a nine-state alarm on the car.

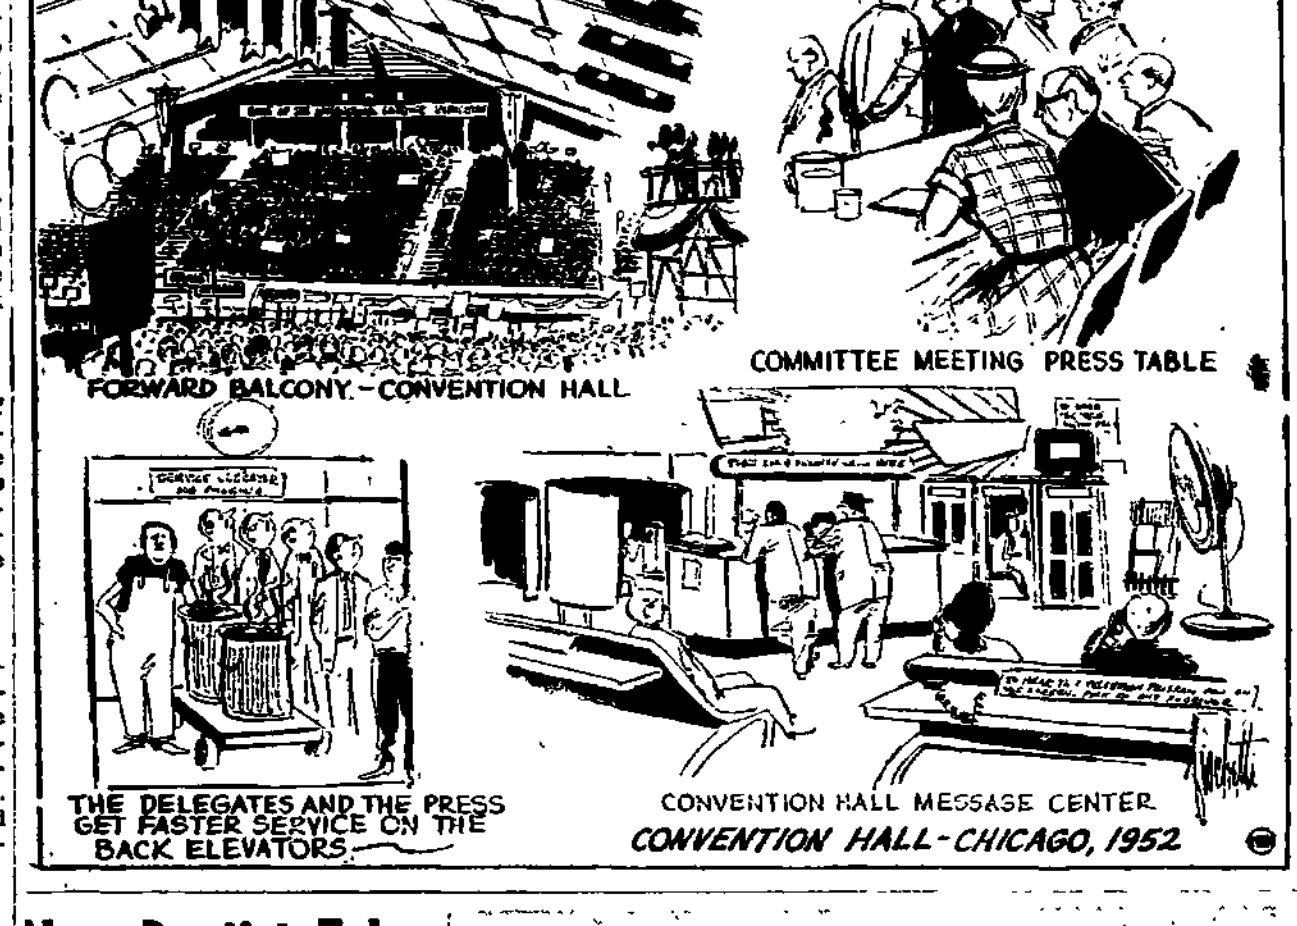

## ACCEPTS SETTLEMENT

Mrs. Lucy A. Kellogg of Cherrytree yesterday accepted \$25,000 from the Pennland Tankers, Inc., of Rouseville, in settlement for the accidental death of her husband, Andrew Norman Kellogg. The civil court case had been hanging fire for more than three years and went through two lengthy trials. A jury verdict on Dec. 19, 1949, awarded Mrs. Kellogg, mother of nine children, \$22,500. Mrs. Kellogg's counsel moved for a new trial which was granted by Judge Lee A. McCracken of Venango County on April 4, 1951. The second trial was held in October, 1951, and two verdicts totaling \$40,000 were awarded Mrs. Kellogg. Since then Judge McCracken has refused a third trial, but litigation continued until attorneys for Mrs. Kellogg and the defendants agreed on a settlement of \$25,000. Attorney S. N. Mogliowicz and the law firm of Greene & Johnson appeared as counsel for Mrs. Kellogg and Attorney Robert M. Dale represented the defendants. Mr. Kellogg was fatally injured when his car rammed into a stalled tanker truck owned by the defendant company. The accident occurred in Rouseville on March 21, 1947.

## ROBERT LAMBERTON

Franklin News-Herald

The untimely death of Robert Lamberton, president of the State Game Commission, prominent Franklin citizen and former banker, comes as a shock to his many friends in this section and to a host of outdoor enthusiasts in this and many other counties. He was 66 years old.

Bob Lamberton was known throughout Pennsylvania for his interest in the protection and care of wild life and advancement of all the interests of hunters of both large and small game. What had been a hobby with him for years developed into almost a major activity in recent years.

His consistent work in behalf of the Pymatuning game and bird sanctuary for a long period of time, the construction of Pymatuning Dam and Lake, and the setting up of the bird refuge there were recognized two years ago in the erection of a bronze plaque signaling his earnest efforts. It is not often that such recognition comes when the one honored can thoroughly appreciate the homage.

Bob Lamberton's many-faceted life possessed activities which ranged from oil and gas developments to advancement of banking interests. Since 1935 he had been a member of the Game Commission, and for the past ten years or more he had been identified with the Joy Manufacturing Company in several important capacities. When his health began failing, he had to relinquish the office of personnel manager, which he filled with exactitude, according to his co-workers.

Tribute to him as a sportsman and a game commissioner who insisted on seeing conditions at first-hand and to talking with hunters in the field, came today from many with whom he had counseled or talked during recent years. He was outspoken in his views, sincere in his friendships. These memories of him will endure.

## CORRUPTION "OLD STORY"

Many people say that the present corruption in high places is an "old story", pointing to the Teapot Dome oil lease scandal of the Harding era.

These persons ask us to forget the truth, states Henry J. Taylor in the August Readers Digest. There was no condoning of corruption in the Teapot Dome affair, and that feature differentiates it from the Washington scandals of today. In the '20s the administration made no attempt to cover up or shield the guilty; no protection was given to any crony or accomplice; no one went free merely by resigning.

In May, 1923, President Harding received the first evidence of the oil-lease machinations. Finding that his friend Jesse Smith, personal assistant to the Attorney General, was involved, Harding told Smith he would have him prosecuted at once. The next day Harding learned that Smith had committed suicide. Shortly afterward Harding himself died.

When investigations of the oil leases indicated corruption, President Coolidge fired Attorney General Harry M. Daugherty for refusal to open certain files, and ordered Daugherty prosecuted. The crooked oil leases were canceled, and the property was returned to the U. S. Government.

Former Secretary of the Interior Albert B. Fall was eventually exposed by the very persistence of the White House itself, Taylor emphasizes. Despite Fall's earlier resignation, Coolidge instituted prosecution proceedings. The case against Fall was fought well into the Hoover administration, conviction being obtained in October, 1929. Fall was sent to prison and fined \$100,000.

The entire area of the "crooked government of the 1920s" involved only nine major figures. Two, including Daugherty, were acquitted. Four were sent to prison, two committed suicide and one died while awaiting trial.

Condoning corruption, or denying its existence, was not the official tactics in that era. The country today needs a demonstration—as vigorous as that of the '20s—of its vigilance in federal affairs.

The passing early this morning at Youngsville, of Mrs. Mary Buerkle, one of Warren's beloved pioneer citizens, is sincerely mourned by all who had the good fortune to have known her. Only a few weeks ago she observed her 98th birthday anniversary. During the days before advancing age compelled her retirement her energy and optimism were inspiring at all times and her friendship will ever be treasured. Truly she was one of Warren's outstanding women citizens.

## Here And There

When he was in the Times-Mirror office last week on the occasion of his periodical visit to confer with local constituents, Congressman Leon H. Gavin discussed with deserved pride and elation the Clarion River dam, and how he succeeded in securing funds for building the same. It would be interesting to relate in detail just how the representative from this district managed to secure the \$10,000,000 appropriation for the project, but space does not permit.

Completion of the dam, located a mile north of St. Marys, was announced last week by Col. Conrad P. Hardy, U. S. Engineer of the Pittsburgh district. Five years in the making, the huge reservoir will be operated for flood control at Ridgway and Johnsonburg as well as in the Clarion and Allegheny river valleys.

Built at a cost of \$9,612,000, the dam will also be used to regulate the low water flow.

The dam is somewhat similar to that at Tionesta. It towers 184 feet above the stream bed and measures 1,660 feet across the top.

The dam is 20 feet wide at the top. It is spanned by a macadam road 14 feet wide. It is 1,100 feet thick at the base.

The dam will hold 161 feet of water when it is filled but it still will not require the use of 2,200 feet concrete spillway. The normal storage depth of the dam will be 146 feet. This will assure a constant lake.

The water will be allowed to drop to the low level for flood control purposes and thus will be able to handle the excess water that causes spring floods in Elk county.

Another feature of the dam is the huge 275-foot high concrete tower housing the tunnel gates that control the amount of water that will return to the original stream bed of the Clarion.

Terse, Tart and Timely: Over 3,000 model airplane fans and the youngsters who "build 'em and fly 'em" from a five-state area attended the sixth annual Model Airplane Meet at Spang Memorial Airport in Oil City, RD 1, Sunday.

One of the features of the Zern Temple ceremonial at Oil City last Saturday, in addition to the barbecued dinner served by Lewis Caterers of this city, was the awarding of the Benjamin Rush Award for 1952 to the Temple. The award is based upon the humanitarian service which Zern Temple renders by the opera-

tion of the Zern Temple Hospital for Crippled Children in Erie, and the presentation was made upon recommendation of the Erie County Medical Society joined by medical societies of Clarion, Crawford, Elk, Mercer and Venango counties.

Potpourri: Tonight's the night for Hot Stove Leaguers and other boys and girls of the area 15 years or under, who will be guests of the Pirates Co., at the game at Jameson Stadium for the Falcons-Phillies game. We understand that arrangements for the trip are under individual supervision of team managers, promoters or other adults. The Junior Chamber of Commerce quite wisely has moved the date for the Kids' Koaster Klasic to September 13th, which not only will give the entries more time to prepare, but provides additional time for promotion and preparation. Friends of St. Barnabas House-by-the-Lake, are receiving annual summer reminders of the work being done at this "Free home for convalescent and incurable men and boys" with a cordial invitation to visit there, and we can assure you such a trip would be found very much worthwhile.

The term "holiday" derives from "holy" day.

## Excellent Program Commencement Conservatory

Despite the heat, a good-sized gathering from far and near gathered for the 46th commencement of the Warren Conservatory of Music, presented in the concert hall Saturday evening.

Feature of this year's program was a young lady from Falconer, N. Y., M. Zetterman, who made both piano and composition, and has written 150 pieces in past four years.

She has a very fine vocabulary of words and the ability to use them in a musical and graceful manner. She played "Album Leaf" and "The Dancing Senorita" in addition to three pieces called "Nighttime Suite." Her concluding number was a concert arrangement of a Strauss waltz, in which she showed much expression, a tone and fluent technique.

There were three students in the conservatory this year, Mrs. Crouse of Kinzua, Mrs. Anna-Pierce of Youngville and one from Warren; also one graduate, Walter Whaley, played the first movement of Tchaikowski's Concerto in B minor with positive touch and splendid musical style. Ade Swanson played the orchestra parts at the second piano, playing the excellent style and sort which have become characteristic of all her work.

The address of the evening was given by the Rev. Bradley Lines, of the Spring Creek Congregational church, who took as his theme the motto: "Not what man does but what God does." His remarks were most effectively read out and given in forceful manner.

Joseph Guiffre sang two numbers in a rich lyric tone. Especially fine was his number "Pale Rider" by Findean, a song inspired by the mystic India.

Fargaret Drivas sang two selections in her always beautiful and excellent tradition. This particularly noticeable in her masterpiece, "One Minute from the opera 'Madame Butterfly'."

Diplomas were presented, with appropriate comment, by Dr. L. E. Campbell, to conclude the year of activity at the Conservatory.

## Matmen Appearing on Kiwanis Benefit Card Thursday Night Considered Among the Best

A bang-up wrestling show to please the most fastidious fan is guaranteed the Warren Kiwanis club, sponsoring Thursday night's program at War Memorial Field, as a benefit for the Underprivileged Children's Fund. The promise was made by Bob Laduca, Buffalo promoter, who is

bringing to Warren, what he calls a star-studded bill. Accompanying Laduca were two of the huskies who will be seen in the ring here Thursday night, Joe Sacco and Horace Fiorella. Sacco is the boy who will meet Pete Greco in the main bout, and Fiorella is slated to go to the mat with Rocky Montana, the wild bull of Buffalo. Fiorella weighs 185 pounds and has engaged in 158 bouts in his short career. He was defeated only nine times and has fought to a draw in twelve of his bouts. His defeats were all in the early stages of his wrestling days. Today he is rated as one of the most promising young wrestlers in the nation.

Rocky Montana, who will oppose Fiorella is considered one of the most colorful wrestling personalities in the country. He weighs 200 pounds, has been wrestling twelve years, and has appeared all over the United States and Hawaii. He is a rough and tumble fighter, seeking no favors and giving none. His specialty is the stranglehold, and once he claps down on an opponent he

holds on like a bulldog. Fans who have seen him describe his ring tactics as similar to those of a mad bull on a rampage.

Local TV fans who watch wrestling as it is televised from the Buffalo arena will be interested in a remark dropped by Promotor Laduca who said that there is a possibility that Teddy Thomas, one of the most colorful referees working in the Buffalo area, will be in Warren to handle the main bout Thursday night. Carm Ruise,

another outstanding official, will also be on hand, and in case Thomas handles the main event, will take over in the preliminary and semi-final. LeRoy Schneck will officiate as announcer, a guarantee that this important part of the evening's program will be handled in a most satisfactory manner.

In event of rain Thursday evening, it was decided at a conference Monday, the same program will be presented Friday evening, starting at 8:30 o'clock. Tickets for the benefit card are on sale in a number of stores in Warren displaying pictures of wrestlers, also in the hands of all members of the Kiwanis Club. Reservations may also be made at the Metzger-Wright Co. store.

Thomas Coupling is undefeated as 4-1 Win Is Registered

Thomas Coupling remained undefeated with five wins in Industrial Softball play last night when they edged Guilfrie's Grocery 4-1 on the West Side field. For the first-half champs it was only the third loss of the entire season against 13 victories, but gives them a 2-2 record in this round.

It was Phil Hook who again chucked the ex-cellar dwellers to a win, however he gave up five hits, while Bob Harrison, in losing his second of the season, only allowed seven himself.

Thomas' three big runs came in the second frame on a walk, a hit, fly ball and an error.

They then added one for good measure in the third, which Guilfrie's got back in their half of the seventh.

Kiser was the big man with the bat, with three hits in four trips.

## Warren and Youngsville Tied In Sunset League as Locals Give Kifer Splendid Support

Slugging three pitchers for 14 hits, the Warren Merchants knotted the Sunset League race into a two-way tie last night by defeating Youngsville 9-2 at Memorial Field. Both teams now stand 3-2, while the Elks walloped Warren Business School 7-2 at the State Hospital to form another tie for third place.

At Memorial Field, it just seemed to be the Warren Merchants night, after losing the first-half championship to Youngsville on Saturday, and Dean Kifer went all the way on the mound with plenty of support in the batter's box.

Dave Beverino led with three safeties in four trips, with one two-bagger, Dick Reed hitting two for three and Toby Shea two for two. A double was also slammed by Reed. For Youngsville, Colosimo and Norm Haight did the stick work with two for three each.

The game called because of darkness with no outs in the last of the sixth, the Elks let the Schoolboys draw first blood in the top of the first inning with two runs and then took over in the second with a four run rally. This set off the spark for two more tallies in the fourth and one in the sixth before the game was called.

Ken Thompson pitched six-hit ball for the winners and hit the Business School's Carl Falvo twice in three trips. Bob Harrington was the big stickier with three hits in four trips.

## Cooperstown Gets Plaques of Waner and Harry Heilmann

By JACK HAND  
Cooperstown, N. Y. (AP)—The wiry little man in the white suit grabbed the microphone like he used to embrace a baseball bat.

"Fathers and boys come up to my batting range every day," he said. "They are worried because the boy isn't going to weigh 190 or 200. I tell them not to worry. You don't have to be a massive man to be a ball player."

The man was Paul Waner, all 145 pounds of him, and the microphone stood in front of baseball's Hall of Fame where they dedicated plaques yesterday to Waner and the late Harry Heilmann.

"I regret very much Harry couldn't have been here today," he said with humility, paying his respects to Mrs. Heilmann, who sat near by.

Three times National League batting champion at Pittsburgh in 1927-34-36 and author of 3,152 major league hits—one of seven to top the 3,000 mark—Waner still lives baseball.

Waner, a National Leaguer during all his career except for the final months, believes Stan Musial is the best modern day player. As the best players he ever saw, he said, "Hornby for hitting, Hubbell for pitching."

## Yankees' Tilt With Dodgers Viewed As Preview of Series

By JOE REICHLER  
AP Sports Writer  
The 48,263 spectators who watched the New York Yankees defeat the Brooklyn Dodgers, 8-3, in an exhibition at Yankee Stadium last night may have been seeing a preview of the 1952 World Series.

Certainly it will require some mighty big doings by any of the other contenders to knock either the Yankees or Dodgers off the top perch. The Yanks headed west today with a comfortable 4½ game margin over their nearest competitor. The Dodgers arrived home today with a commanding 7½ game bulge over the defending National League Champion New York Giants.

Of the two, the Yankees appear to have the rougher task ahead. Starting with a two-night double-header in Cleveland this evening, the world champions will pack 21 games into the next 17 days. There isn't an off day anywhere on the trip.

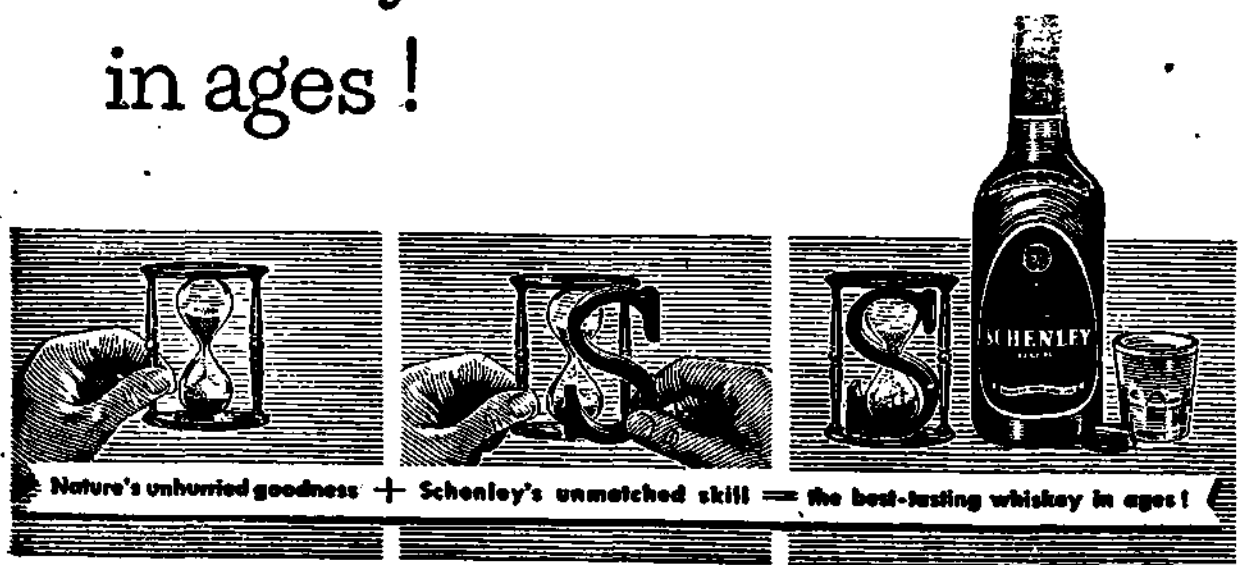

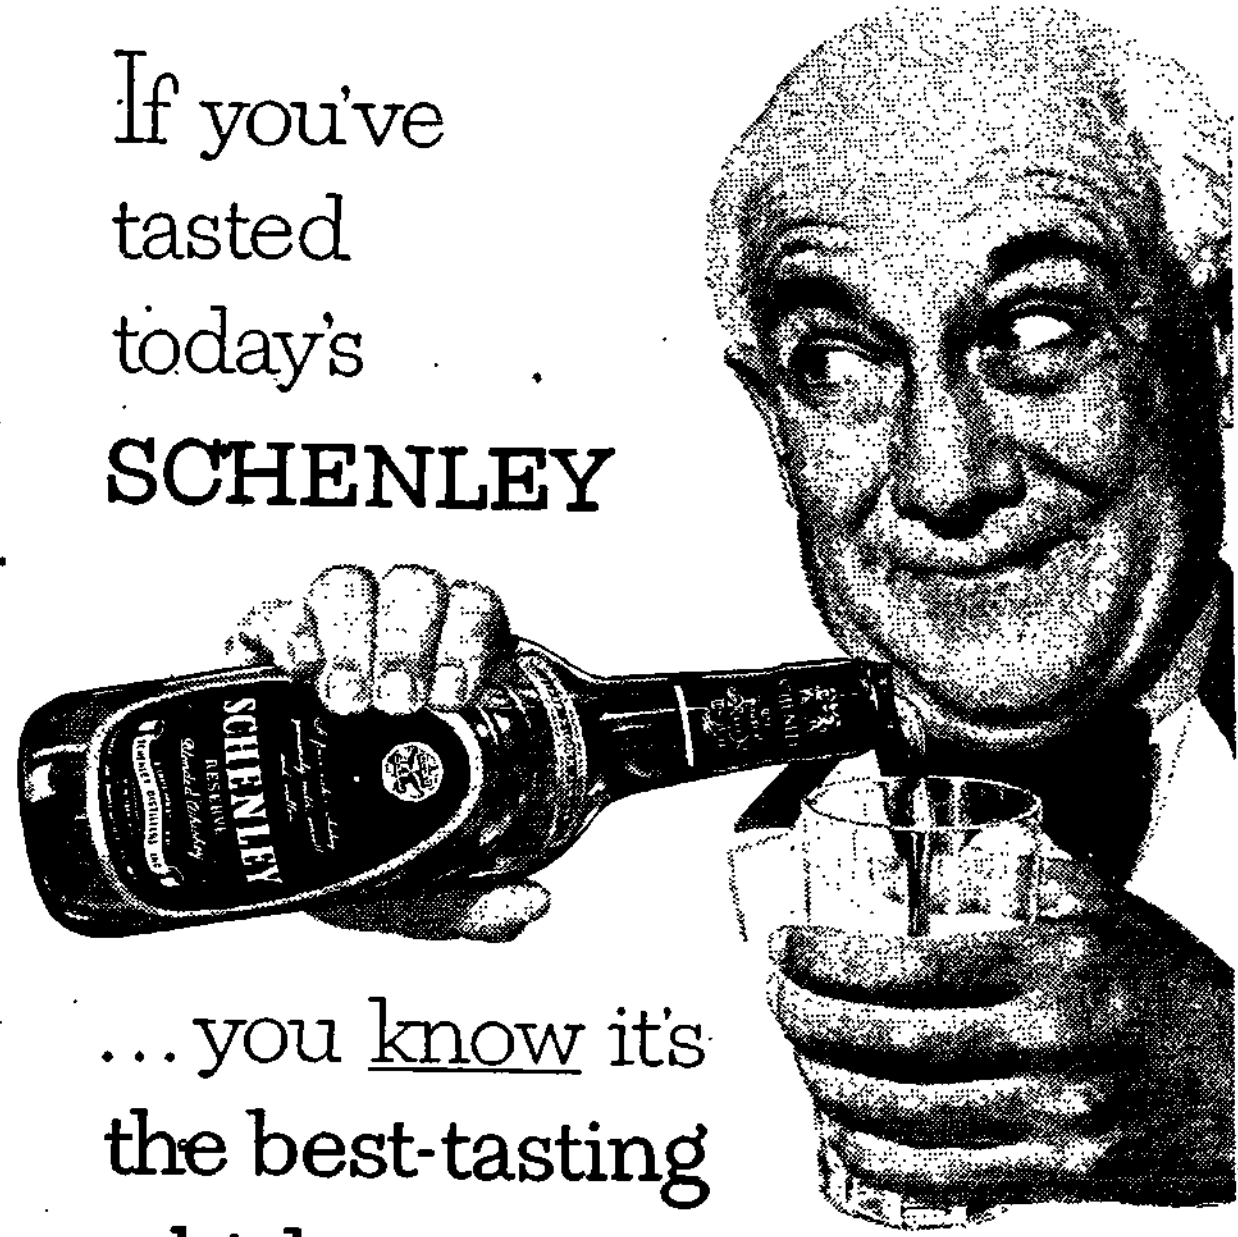

Brooklyn and the Giants open up 14-game home stands tonight. The Dodgers start with Cincinnati and the Giants take on the tough St. Louis Cardinals. The Brooks are riding high on the crest of an eight-game winning streak while the injury-riddled Giants are fumbling around following a dismal Western trip.

The impression is that if the Giants are going to pull another 1951 miracle finish, they'd better start right away instead of waiting until Aug. 11 as they did last year. The Dodgers appear unstoppable right now.

## 108 County Fairs Scheduled in State

Harrisburg—Opening of the 1952 Pennsylvania county and community agricultural fair season takes place July 23 and by mid-November 108 such events will have been held, according to Miles Horst, state secretary of agriculture.

First on the fair list for this season is the Kimberton Fair at Kimberton, Chester county, July 23 through August 2.

The Clearfield County Fair opens at Clearfield July 28 and continues through August 2, same date as the VFW Fair at Towanda.

The first week in August sees opening of the Lycoming County Fair at Hughesville, Bedford County Fair at Bedford, Nazareth Agricultural Fair at Nazareth, and the Jackson County Fair in Greene County. Nearly 20 fairs will be in operation over Labor Day or will open during the first week in September.

The record total of 108 fairs now listed for the season is one more than the 107 actually held in each of the past three years, 1949, 1950 and 1951, Secretary Horst said.

Each will feature agricultural exhibits for which the state will assist in the payment of premiums through a fund provided by the General Assembly and distribution on a percentage basis by the State Department of Agriculture.

Santa Fe, New Mexico was called "The Royal City of the Holy Faith of St. Francis" by the Spaniards who first settled it.

**TODAY** is pay day for all the folks who have classified ads.
